**OSWAL INDUSTRIES LTD.**

[www.oswalvalves.com](http://www.oswalvalves.com)

## COMPANY PROFILE

---

### **Casting a success worldwide**

With a vision to produce highly engineered, reliable and quality valves, castings and allied products to the strict and exacting International specifications, Oswal Industries Ltd. Is all set to become one of the world's leading manufacturer of industrial valves for the critical and demanding application.

### **Integration – Our Key to Success**

We are perhaps the only Indian company in our business to be fully integrated with largest single location plant for valve manufacturing. We have a dedicated, state of the art IBR well known foundry which not only provides us with significant cost advantage but also deliver better quality products to our customers, making Oswal Industries Ltd. one of the global big in casting and valve making.

# R&D

## “Moving up the value chain”

New ideas and the challenge to enter new ventures is what keeps us going after new benchmarks and outperforming each time. With high set goals and ever improving technology adaptation our ideas materializes into higher value added products. Today along with the customary Gate , Globe , Check valves, we are also making great inroads into higher value added valves like:

- API-6D Ball valves
- Cryogenic
- Pressure seal valves
- Oxygen service valves
- Urea & Ammonia application valves
- Fugitive/ Low emission valves
- Special Metallurgical valves etc

### Activities include

- Finite element analysis
- Cold cyclic test
- Hot cyclic analysis
- Fugitive emission test
- Optimizing foundry methodologies
- Flow and torque analysis
- Fire safe behavior
- Cryogenic analysis
- Surge flow analysis
- Hydraulic and pneumatic behavior of the final product

# Foundry

We have a captive well known IBR foundry with an undisturbed single process flows to machine shop, assembly shop and the testing unit.

Our ISO 9001-2008 certified, highly automated foundry with Omega core making machines has a capacity of 3000 mtpa, produces high value added valve castings conforming to National & International Standards. We also manufactures Duplex Stainless steel and precipitating Hardening Alloy casting for Oil field equipments under NACE.

# Manufacturing

We have a fully integrated unit equipped with all necessary state of the art equipments and CNC machineries for

Design on CAD/CAM

Pattern development

Casting

Machining

Assembly

Inspection

Testing

Marking / Packing

# Products

We have a complete range of Valves for lower to middle, high value, critical and demanding application.

Gate Valves  
Globe Valves  
Check Valves  
API-6D Trunnion mounted Ball Valves  
Cryogenic Valves  
Pressure Seal Valves

Size Range  
2" to 48"

Pressure Rating  
# 150 to # 2500

Material of Construction  
Stainless Steel  
Carbon Steel  
Alloy Steel  
Duplex  
Super Duplex  
Hastelloy  
Monel  
Inconel

# Quality Assurance

- Chemical Testing
- Mechanical Testing
- Hardness Testing
- Dye Penetrant Testing
- Magnetic Particle Inspection
- Radiographic Testing
- Helium detection Test
- Fugitive Emission Test
- Fire Safe Testing
- Universal Testing Machine

Both our Foundry & Valve units are equipped with state-of-the-art testing machines in order to maintain exacting standard of quality system based on ISO 9001-2008 guidelines & other International quality standards like API-598.

Every product at our works undergoes stringent quality checkup at every stage. It involves inspection of incoming material, stage inspection and final inspection before dispatch, which includes visual/functional test of valve, destructive non-destructive tests packing etc.

# Certifications

ISO 9001-2000 Certificate

API 6D Certificate

CE - PED

IBR Certificate

TA-Luft Certificate

Cryogenic Test Certificate

CE-PED Foundry Division

ISO Foundry Division

AD-2000-Merkblatt WO

# Clients

Over the past 25 years, we have established an enviable past track record of delivering the highest quality of product and services to our customers.

Our clientele includes marquee companies across industries including Indian Oil, Hindustan Petroleum, Bharat Petroleum, ONGC, GAIL, GSPC, Reliance petro, ESSAR, Punj Lloyds, L&T, Toyo Engineering, Jacobs H&G, Samsung Technip, Naptho Gas, Internationally we have approvals with Petroleum Development of Oman (Oman), SABIC (Saudi Arabia), TAKREER (U.A.E.), Karachaganak Petroleum Operating Company (Kazakhstan) Ramunia Fabricators (Malaysia), Saipem-Snamprogetti (Italy), Bechtel, Flour, Foster Wheeler, Chiyoda, Aker Kvaerner.

## Our Products are World class Our Illustrious Clients say so

# International Reach

OSWAL is a name to reckon in the valve industry. A complete range of valves, designed and manufactured to API, BS and DIN standards are widely recognised and accepted in International market.

Service & Support in the global market has been an integral part of OSWAL since inception and our reach has extended to all major countries.

**For Support, Services and Online tracking,

# What They Say....

- "Take Oswal as Manufacturer for Short Delivery Time and also for Special Material ( Alloy) must be agreed by major Petroleum Companies."  
*- Jean Michel Tammam-Piping Group Material Manager, Saipem - India*
- "Good Facilities and Good Quality. I hope to have a Business in near future"  
*- Hideyuki Oki-Senior Engineer, Chiyoda Corporation - Japan.*
- "Good Setup, Trained Personal Wish You to Expand More"  
*- Al Karim-Kuwait National Petroleum Company - Kuwait*
- "New Plant and Focus on Manufacturing are very impressive I am looking forward to my more visits."  
*- Roger Griffin, Weir Valves & Controls U.K.*
- "We look forward for a good relation for long time."  
*- Juan Carlos Puenino, Valvtronic SA-Argentina*
- "People and facilities are excellent"  
*- L N Tewary, Rockwin-India*
- "Very nice facilities and qualified staff, looking forward to do business with motivated team."  
*- Peter Laube - Managing Director, Regeltechnik Kornwestheim - Germany.*
- "Good facilities available."  
*- S P Bhatt, Siemens Limited - India.*
- "Pleasure to meet with all Oswal staff, Looking forward to develop a long and successful relationship."  
*- Paul de Man-Managing Director, Mascot - Australia.*
- "Pleasure to meet with all Oswal staff, looking forward to do develop a long and very good organization, The hope to corporate on long -term basis."  
*- Eng. Federico Ceschin, Valvtronic SA, Argentina*
- "Good production facilities, with nice set- up."  
*- Sunil Biobai, Siemens Limited - India*

**... by using our specifically designed service**

Presenting Fast Track services from Oswal:- a market leader in Industrial Valves having own captive foundry for valve casting.

**What is "Fast track"**

Fast track is an integrated rapid valve supply chain management especially for upstream & downstream projects in Oil & Gas industries. Fast track services is not just speed manufacturing but:-

- Fast estimate to total costing
- Trouble free documentation
- Fast & reliable delivery
- Special Materials
- Uncompromising Quality
- Less downtime and more spare time

Oswal Fast track Service is backed by 30 years of manufacturing expertise, state of the art manufacturing facilities, World class quality management systems, proven technical expertise in exotic materials and on & offline supply chain management capable of delivering & meeting any critical application requirement on a war footing basis.

**Corporate Office & Plant** : Block No. 258, Ahmedabad - Mehsana Exp. Highway, Village OLA,  
Tal . Kalol, Dist. Gandhi Nagar - 382729, INDIA  
Tel : +91 (02764) - 226884 /5/6 /320272 / 329463 ● Fax :+91 (02764) - 226882
